EDUCATION

Northern Illinois University, DeKalb, IL

Bachelor of Science in Computer Science (Software Development) | May 2022

Relevant Coursework: Data Structures, Algorithms, Databases, Software Engineering, Computer Architecture

PROJECTS

Personal Web (Aug 2025) | *Tech Stack: TypeScript, Next.js, Tailwind CSS, Motion*

- Built a modern, responsive personal portfolio website using Next.js 15, React 19, and TypeScript with Tailwind CSS for styling.
- Implemented advanced UI/UX features including dark/light theme toggle, smooth Framer Motion animations, and accessibility compliance with semantic HTML and ARIA labels.
- Integrated modern development practices including ESLint configuration, component-based architecture, and optimized build processes for deployment

Weight Training Recorder (Jun 2024) | *Tech Stack: Next.js, Tailwind CSS, Firebase, Motion*

- Designed a mobile-first workout tracking app with a strong emphasis on user-friendly interface and accessibility. Focused on optimizing button sizes, typography, and color contrast to enhance readability and ease of interaction on mobile devices.
- Developed a calendar view to display trained body parts for each day in a month, making it easy for users to understand their previous workout history. Clearly distinguished between cardio and weight training sessions for better tracking.
- Utilized Firebase Authentication to track individual users and secure their information. Designed the Firestore data structure to enable efficient data storage and retrieval.
- Implemented an Exercise Monitor, allowing users to select specific exercises for tracking and visualize their progress. Utilized Recharts to integrate an interactive graph that displays trends in volume for selected exercises, helping users assess performance and adjust training accordingly.

CERTIFICATIONS & AWARDS

AWS Cloud Practitioner Certification (Aug 2025)

Google UX Design Specification (Jan 2024)

WORK EXPERIENCE

Zhang Liang | Food Service

Apr 2024 – Mar 2025

- Assisted customers in placing orders and ensured accurate, timely handoff of orders to customer.

Anker | Supply Chain Coordinator

Aug 2023 – Oct 2023

- Scheduled and coordinated transportation between warehouses to ensure timely product delivery.
- Maintained data records, tracking inventory, transportation, and exceptions to improve logistics efficiency.

SKILLS
